Your10&95: I-95 NB exit ramp to I-10 WB – overnight Sunday closure

Jacksonville – Your10&95 interchange operational improvements project will have a weekend overnight closure of the ramp from Interstate 95 northbound to Interstate 10 westbound Sunday, August 5 from 8 p.m. to 5:30 a.m., weather permitting. The closure is for bridge construction as part of the ramp's expansion.

Motorists will be detoured off the Fuller Warren Bridge on Interstate 95 northbound to the Park Street exit where they will make a right onto Park Street, then make a left onto Forest Street and connect to the Interstate 10 westbound on ramp.

Please see attached map for detour.

Your10&95 project began in May 2017 with completion anticipated in summer 2020, depending on weather and unforeseen delays.

FDOT hired Archer Western as the contractor to complete this project for \$126 million.
