Your10&95: Stockton Street off ramp - weekend closure

Jacksonville – Your10&95 interchange operational improvements project will have a weekend closure of the Stockton Street off ramp from Interstate 95 northbound to Interstate 10 westbound from Friday, April 20 at 8 p.m. to Monday, April 23 at 5:30 a.m., weather permitting. The closure is for installation of new drainage structures as part of the ramp’s expansion.

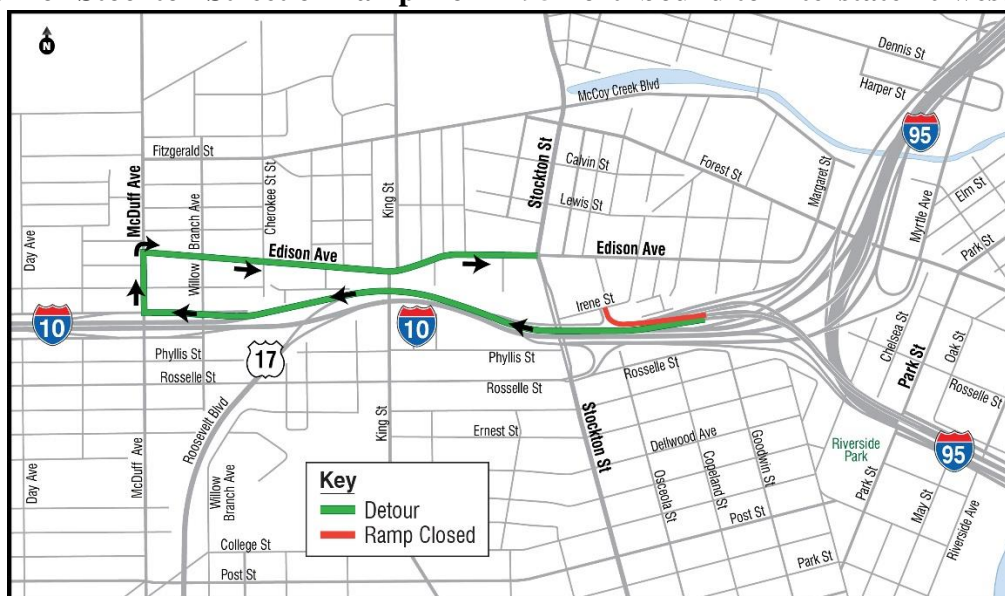

Motorists will be detoured to the McDuff Avenue exit 351B where they will make a right onto McDuff Avenue, then make a right onto Edison Avenue which will connect them to Stockton Street. Please see attached map.

Your10&95 project began in May 2017 with completion anticipated in summer 2020, depending on weather and unforeseen delays.

FDOT hired Archer Western as the contractor to complete this project for \$126 million.

For more information about this project, or to view up-to-date traffic impacts, please visit: Your10and95.com.

Detour for Stockton Street off ramp from I-95 northbound to Interstate 10 westbound
