Your10and95 overnight detour planned for Thursday, August 10 I-95 northbound off-ramp to I-10 westbound closed for survey work

Jacksonville – Your10and95 will have a full lane closure for the Interstate 95 northbound off-ramp to Interstate 10 westbound Thursday, August 10 from 11 p.m. to Friday, August 11 at 5 a.m. for survey work, depending on weather.

Detours:

Traveling on Interstate 95 northbound to Interstate 10 westbound:

Motorists wanting to connect to Interstate 10 westbound will take the Park Street exit on Interstate 95 northbound off the Fuller Warren Bridge. At the bottom of the ramp, they will make a right turn onto Park Street northbound toward Forest Street, where they will make a left turn onto Forest Street westbound, and connect to the Interstate 10 westbound ramp.

Alternate route for truckers:

Truckers traveling northbound on Interstate 95 to Interstate 10 westbound are being advised to take an alternate route by using the Interstate 295 west beltway towards Orange Park to Interstate 10, to bypass the downtown detour and avoid the construction at the Interstate 95 and Interstate 10 interchange.

The project began in May with completion anticipated in summer 2020, depending on weather and unforeseen delays.

FDOT hired Archer Western as the contractor to complete this project for \$126 million.
